

AVANZA

MADE FOR  FOR
BUSINESS   

SPACE TO RUN YOUR BUSINESS

Performance that delivers

The Avanza panel van works as hard as you do to keep your business on track. Its 1.3 litre engine offers power of 67 kW at 6000 r/min and torque of 117 Nm at 4400 r/min. Its VVT-i (Variable Valve Transmission – Intelligent) engine varies the timing of intake valves optimising performance and providing excellent fuel economy and emissions reduction.

Looks that get you places

The Avanza panel van gives your business the look of a business that means business. It comes with 14" steel wheels to take you the extra mile. The Avanza panel van is all about getting the job done which is why it comes with a loading capacity of 500 kg to allow you to move the biggest of loads. You can be sure that whatever needs to be transported will be transported with ease. After all, that's what businesses are all about. To ensure that your goods are protected en-route the panel van's back windows have been blacked-out to prevent theft.

Fits the job

The Avanza panel van is made to safely transport goods over short and long distances. The loading bay is multi-purpose and comes with a cargo barrier net to secure your load so that it arrives in good condition. Comfort is also taken into consideration. The Avanza panel van has power steering while electrically-adjustable windows provide driver and passenger comfort.

The Avanza panel van is the perfect vehicle for small and mid-sized businesses. It can carry 500 kg, that's enough capacity for even the biggest of ambitions. The Avanza panel van is available in an economical 1.3 litre petrol engine with a 43 litre fuel tank capacity to go the distance. It's easy to see that the new Avanza panel van is in the business of running businesses.

NESS

Model shown: 1.3 S panel van

The Avanza also has a light warning system which alerts the driver should the lights be left on. A key remind warning system also alerts the driver if the key is left in the ignition.

Dimensions and Capacities

	Area (mm)	Avanza
Dimensions	Length	4140
	Width	1660
	Height	1695
	Wheel base	2655
Capacities	Fuel tank (ℓ)	45
	Load capacity (kg)	500

Room for safety

The Avanza panel van takes safety very seriously. The Avanza has an Anti-lock Braking System (ABS), an essential active safety feature that prevents the wheels from locking up on slippery surfaces.

ToyotaCare Service Plan

For peace of mind, your Avanza panel van comes with a standard 4-year/60 000 km service plan. The utility and efficiency of the Avanza is also backed by Toyota QDR (Quality, Durability and Reliability).

Caring for the environment

Toyota Avanza panel van aims to make as little impact on the environment as possible and has a total CO₂* emissions output of 172 g/km. It also complies with Euro 2 emissions regulations.

*The fuel consumption and CO₂ values of your vehicle may vary from those measured. Driving behaviour as well as other factors such as road conditions, traffic, vehicle conditions, installed equipment, load and number of passengers play a role in determining a car's fuel consumption and CO₂ emissions.

Toyota is serious about combating the problems associated with waste tyres in the country and has therefore taken up its producer responsibility as defined by the new Waste Management Act of 2008.

Waste tyre Registration Number: TPREG0031GAU

AVANZA PANEL VAN ACCESSORIES	DESCRIPTION	PART NUMBERS
