

**AURIS**

# STEALING THE LIMELIGHT

Beware the effect you'll have when driving the new Auris. Wherever you go, you're going to be noticed. The fans, the paparazzi, even innocent bystanders are about to become ardent admirers. Each minute of the day, whether it's a business meeting in town, a lazy lunch or a late night rendezvous, someone has taken note...

## TAKE NOTE

There's no shortcut when it comes to safety.

With our Anti-lock Braking System, the Brake Assist System, Electronic Brake force Distribution and Vehicle Stability Control (VSC) on HSD models only, we've taken care of everything from the braking system to the driver, front passenger, and side airbags, with additional curtain shield and driver knee airbags on X<sub>R</sub> and HSD X<sub>S</sub> models. For security there is a transponder key immobiliser and alarm.

## NOTICED AT EVERY TURN

You'll never be able to slip away unnoticed again

Beneath the bonnet of the Auris, Optimal Drive engines deliver with efficiency and ease. The 1.3ℓ engine offers power of 73 kW @ 6000 r/min and torque of 128 @ 3800 r/min. The 1.6ℓ models move at 97 kW @ 6400 r/min with torque of 160 @ 4400 r/min, while the 1.8ℓ petrol engine (only available in the hybrid models) offers power of 73 kW @ 5200 r/min and torque of 142 @ 4000 r/min. In the Auris X<sub>R</sub> CVT and HSD models, a system known as CVT (Continuously Variable Transmission) makes going through the gears smooth and effortless. In all the other models, you have a full 6-speed manual transmission, just waiting for you to accelerate.

The Hybrid Synergy Drive (HSD) is a system that can provide drive power from the petrol engine, the electric motor or both. The Auris HSD has three drive modes: ECO, EV (Electric Vehicle) and Power Drive Mode.

## FAME NOT FOR THE FAINT HEARTED

Fame is different for all people. To some, it's the flash of cameras, the thrill of getting noticed, the sound of background whispers wherever they go. Others prefer their success quiet. In the Auris, no such luck.

It's designed to show off. From the front to the back: Front fog lamps on the X<sub>S</sub> and X<sub>R</sub> models, and front and rear fog lamps on the HSD models, a more aggressive looking grille, side lines that run sinuously along the whole vehicle, and a beautifully designed rear rounded off with sporty-styled tail lights. To get where you need to go, the X<sub>i</sub>, X<sub>S</sub>, X<sub>R</sub>, and X<sub>R</sub> CVT models have stylish 16" alloy wheels, while the HSD X<sub>S</sub> model has 15" alloy wheels and the HSD X<sub>R</sub> model fits 17" alloy wheels.

The overall elegance of the vehicle is evident at first sight, although on closer inspection, more is revealed. For instance, the door handles and front and rear bumpers are colour-coded on all models, and the electronically adjustable mirrors have integrated side indicators – the HSD models side mirrors are automatically retractable. To keep your business under wraps, there's also privacy glass\* on the rear side windows of the X<sub>S</sub> and X<sub>R</sub> models. The HSD X<sub>R</sub> model boasts a panoramic sunroof.

MODEL SHOWN Auris X<sub>R</sub>

## A GLIMPSE FROM WITHIN

Want the inside story? For all the flash of the exterior styling, inside you'll find a work of quiet beauty.

Close ups reveal a silver garnish around the instrument panel and centre console\*. The X<sub>R</sub> models have sports front seats, with driver and front passenger seat heaters, as well as a deluxe trim on the seats. All models have a Multi-information Display (MID) and front and rear electrically adjustable windows.

Air conditioning is standard in all models, while the X<sub>R</sub> models have an automatic air conditioner with separate controls for the driver and front passenger. The interior has fantastic sound – the X<sub>S</sub> and X<sub>R</sub> models have a touch screen display audio with six speakers (HSD X<sub>R</sub> models have nine speakers) and Bluetooth, while the X and X<sub>i</sub> models have a radio/CD player with four speakers. There is also an audio jack with a USB port in all models.

In the X<sub>R</sub> models you'll find features such as a cruise control, Smart Entry and Push Start System, back monitor (also available on X<sub>S</sub> models), Simple Intelligent Park Assist\*\*, rain sensing window wipers\*\* and an electrochromatic interior rear view mirror that automatically dims the brightness of the lights of the vehicle behind you.

\*excluding HSD models. \*\*HSD models only.

- The new Auris is available in the following models:
- Auris X
  - Auris X<sub>i</sub>
  - Auris X<sub>S</sub>
  - Auris X<sub>R</sub>
  - Auris X<sub>R</sub> CVT
  - Auris X<sub>S</sub> HSD
  - Auris X<sub>R</sub> HSD
